Allegra/Dennis:

First, I am attaching the relevant invoices from Rebel and Lancium, which you should already have and which should provide sufficient information for Gryphon to calculate its fee for September. Please generate the invoices for that period.

There is no applicable fee for October 7 to the present, which only leaves October 1 – 6 as the period for which Gryphon needs to calculate its fee. We propose the following process:

- Gryphon transfer Sphere's bitcoin, minus the agreed upon September MSA fees, with the understanding that we will true-up any differences as necessary;
- Gryphon transfer the post-October 6 proceeds, which have no associated fee;
- Gryphon transfer the October 1-6 proceeds, with Sphere paying fees on those proceeds when the amount becomes known.

Second, you asked for additional information on the withdrawal. On October 6, 2023, Gryphon cashed out approximately \$100,000 in bitcoin. Gryphon has just provided my client with a reconciliation, reflecting that they continue to hold \$9,000 on account for Sphere. The \$9,000 can be kept to pay down the fees and should be deducted from the September MSA fees.

Third, as far as the miners at Coinmint, your side had actually stated it would provide information to us about what Gryphon wanted to do in light of its contractual obligations with Coinmint. Please let us know, as we are ready to work with Gryphon to ensure minimal disruption.

We have other issues to discuss—including what to do with the miners at Core—but please get back to us on Coinmint first. In the meantime, Gryphon should (1) point the Coinmint hash rate to Sphere’s Foundry account and into Sphere’s wallet; and (2) have the Core hash rate to flow through Gryphon’s Foundry account and then into Sphere’s wallet.

Happy to hop back on the phone.

Thanks,

Greg Wolfe

Subject: RE: Core/Sphere | Notices of Subpoena to Testify at a Deposition (Gryphon, R. Chang)

Greg and Rahul,

Thank you again for the conversation on Friday and thank you for sending the transcripts through. Below is our understanding of the agreed-upon next steps coming out of our conversation.

1. **Remittance of contents of wallet.** We will await your transmission of the profit information Gryphon needs in order to make the appropriate service fee deductions pursuant to the MSA. Upon receipt of that information, Gryphon will deduct all expenses and service fees, and remit the remainder of the proceeds to Sphere.
2. **\$100,000 of proceeds of liquidated coins.** You agreed to seek clarification as to the alleged liquidation of \$100,000 of Sphere coins. As we stated, our client is unaware of any liquidation of \$100,000 of Sphere coins.
3. **Coinmint.** You agreed to seek clarification from your client as to how they would propose to handle the termination of the Sphere machines at Coinmint. We agreed not to take any steps on this until we hear back from you.
4. **Sphere Machines Held by Core.** You agreed to seek further clarification from your client regarding Sphere’s desired next steps with regard to redirecting the hashrate for Sphere machines operating at Core. We agreed not to take any steps on this until we hear back from

you.

5. **Chapter 11 Proceeding Discovery.** You agreed to review the protective order governing the bankruptcy proceeding, and to discuss with other counsel to that proceeding, to understand whether you can send us unsealed versions of the exhibits relating to the Sphere proofs of claim. For the sake of clarity, we are interested in receiving unsealed versions of the documents and exhibits filed at ECF Nos. 1040, 1041, 1045, 1053, and 1098.

Best,
Allegra

Subject: RE: Core/Sphere | Notices of Subpoena to Testify at a Deposition (Gryphon, R. Chang)

Dennis,

Please provide dates in late November for the depositions of Gryphon and Rob Chang. We are willing to discuss location, and are amenable to New York if that works for all.

Best,
Christine

All,

Thanks for the various emails. I am in the midst of a fire drill for Judge Rakoff that should conclude very late tomorrow night. We will speak with our client thereafter and aim to provide clarity on timing/location of depositions, and any objections on scope, by end of the week. Thank you.

Thanks Greg. Agree we should work together on all the deposition dates.

On Gryphon, their lawyers are on this email chain. Brian, et al, please let us know what your views are on dates and whether you are going to object to the deposition(s). Thanks very much.

Ted –

As I said in my email, we are willing to work with you on date and place. That goes for all the depositions we just noticed of Core's witnesses. Please let us know what works for your witnesses when you know (is later this week feasible?) and we can find something that is workable.

On Gryphon, we are fine so long as it is more than 14 days from when we served the subpoena, given that that is how long it has to object to our topics under the scheduling order. Note, I don't believe your subpoena gave them that 14 days, but it does not really matter, as the deposition will now occur outside that 14 day band.

Do you want to reach out to Gryphon to see what works for them?

Thanks Greg. We are obviously going to need Brian and
others representing Gryphon to weigh in on this.

We saw you noticed the Gryphon and Chang depositions for
December 5 and 6 (notice on Chang says 5 but subpoena
says 6) but we do not believe it is reasonable to have to wait
until then for these depositions. We served our subpoenas
sooner and sought a date for next week. While we have
agreed to work with Gryphon and you to find a different
date, we need available dates for Gryphon in November.
This is really a matter of when the Gryphon 30(b)(6)
witnesses and/or Mr. Chang are available and so we ask
Gryphon's counsel on this email to let us know what dates its
witness(es) can be available in November and we can take it
from there.

Thanks very much.

Thanks Ted. On Gryphon, we're happy to try to coordinate as soon as this weekend or Monday to get something on the calendar.

On Levin, we were actually just now writing in response to Christine's email, which posed the same question. I candidly do not know. He did not respond to the subpoena and our informal attempts to get him to comply have failed. We are assessing our options.

Greg, we served a subpoena with a date and location pursuant to the rules. They are not set in stone and, as Christine said, we are willing to discuss dates. It's not that complicated. We will work with you and Gryphon's counsel but we would like to get a date on calendar soon.

On Levin, is that expected to go forward on the date you noticed? Are you open to coordinating dates on that too?

Thanks.

Thanks for confirming what you are willing to do “generally.” In this instance, please confirm you are not planning on going forward on November 6 and 7 and will instead work with us and Gryphon to find a date and location that works for all.

I spoke to Gryphon’s counsel tonight and can confirm they are amenable to moving the date. My understanding is that is their strong preference and I believe would side with us on the issue if we have to go to court on Monday to seek to move the deposition date for the reasons outlined in my email from earlier today.

Based on our discussion, I believe they will be open to a deposition in New York, although their counsel said he would have to discuss with his client.

Greg,

Generally speaking, we are willing to discuss deposition dates and locations. On the Gryphon notices, we selected a location that is within 100 miles of Gryphon's Delaware registered agent. If Gryphon's witnesses are willing to be deposed in New York, that's fine with us.

Christine – I understand you will be discussing
the below with your client and will be getting
back to us.

So you are aware, we intend to serve counter-
subpoenas on Mr. Chang and Gryphon,
respectively, today. They will designate a
different date for compliance and a different
place of compliance. However, to be clear, we
are willing to negotiate a place and time for the
depositions that work for all parties
concerned.

Christine:

Are these depositions in Washington DC—where no party is based—for November 6 and 7 set in stone or are you still working on scheduling? If they are set in stone, we will have an issue. This is not sufficient notice to us (or frankly the non-party) and we intend to cross-notice both Gryphon and Mr. Chang. We would expect Core to work with us on dates that work for all sides. Adding to our notice concern, it appears that these subpoenas were served on the non-parties on October 24 ,yet we are only receiving notice days later, on October 27, Friday afternoon. Please confirm today you will not be proceeding on November 6 and 7 and instead will work with us to find dates that work for all concerned.
